

Instructions on Accessing Taoex Club

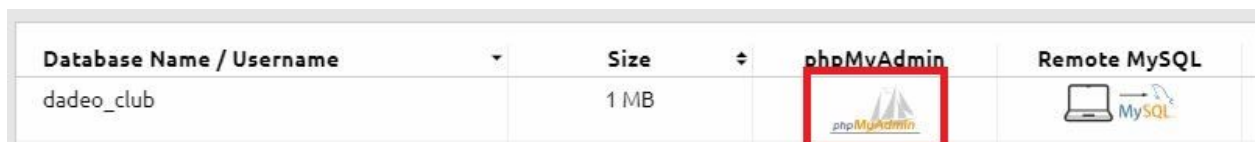

Database and Administration

Taoex Club database is managed via PhpMyAdmin. This service can be accessed from the cloudlogin ASAPSEO control panel.

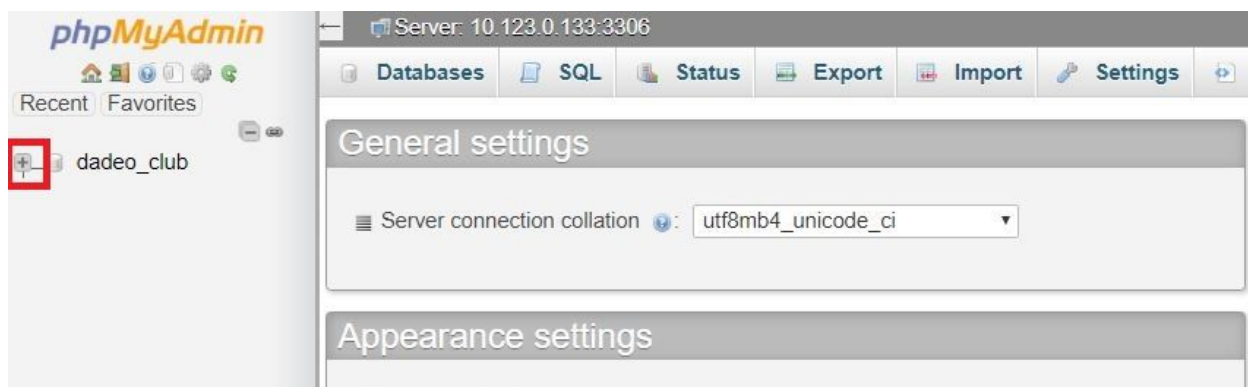

1. Log into the control panel via <https://us.cloudlogin.co>
2. Select MySQL

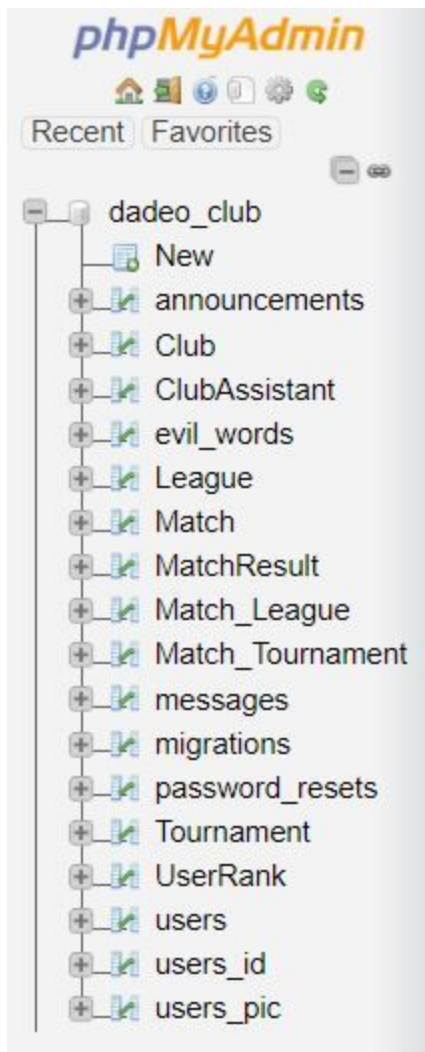

3. Taoex Club's database is called dadeo_club. Click on the phpMyAdmin icon to the right of the database called dadeo_club.

4. Click the dadeo_club on the left panel in phpMyAdmin to expand the database and reveal the tables.

5. The left image shows the tables contained in the dadeo_club database.

6. To delete or edit users, click on the users table

7. You can click on the edit button to edit individual field for the user. You can also delete an entire user from the website or database by clicking delete

8. You can also edit and delete announcements on the home page the exact same way by clicking on the announcements table
